

CANDIDA ADVANTAGE

A dietary supplement to support G.I. tract microflora balance and detoxification functions.*

Recommended for:

Restoring balance to the body during times of microflora imbalance*

What Is Candida?

Candida albicans is a naturally occurring yeast that is usually kept under control by beneficial bacteria (probiotics) like acidophilus.* These bacteria, however, can be destroyed by birth control pills, antibiotics, steroids, cortisone drugs, chlorinated water, poor diet and extreme stress.* When this occurs, candida can grow out of control and trigger low mood states, irritability, dizziness, difficulty focusing, extreme fatigue, loss of memory, gas, bloating, diarrhea, constipation and weight fluctuation.* More than 100 million Americans are thought to suffer from candida overgrowth.*

About the Formula:

Calcium (as Ca Caprylate) helps to rebalance friendly flora and reduce an overabundance of *Candida albicans* yeast in the body.*

Olive Leaf Extract supports immune system function.* It works directly against unwanted materials by stimulating protective cells (phagocytes) to ingest them without suppressing the immune system or damaging the body's beneficial flora.*

Betaine hydrochloride provides acid balance in the stomach.* Low stomach acid interferes with digestion and the absorption of nutrients.*

Berberine inhibits the growth of many microorganisms, including fungi, protozoa, and bacteria.†

Grapefruit Seed Extract supports a healthy gastrointestinal system by helping maintain a healthy microbial balance.*

Cellulase and Hemicellulase are fiber digesting enzymes that help to balance good and bad microflora.* They can break down the cell wall of candida.* Candida's fibrous structures can be more quickly and completely digested without releasing any toxins.*

Supplement Facts

Serving Size 3 Capsules

Amount Per Serving

Calcium (as Ca Caprylate)	10 mg
Magnesium (as Mg Caprylate)	30 mg
Cellulase (75,000 CU/g)	500 mg
Caprylic Acid (as Mg & Ca Caprylate)	320 mg
Betaine HCl	250 mg
Berberine Sulfate	200 mg
Grapefruit Seed 4:1 Extract	200 mg
Hemicellulase (200,000 HCU/g)	154 mg
Olive Leaf Extract	100 mg
yielding Oleuropein	15 mg

Other ingredients: hypromellose (capsule), microcrystalline cellulose, vegetarian leucine, silica.

Warning: Do not take this product if pregnant or nursing.

Suggested Use: As a dietary supplement, take 3 capsules, once or twice daily as needed on an empty stomach, or as directed by your healthcare practitioner.
